NETBANK BUSINESS

MOBILE

NetBank Business Mobile, available on the **Nedbank App Suite™**, offers you a variety of functionalities while you are on the move, so you can **transact anytime, anywhere**, knowing that your banking is encrypted and safe.

What you can do with NBB mobile

Trace transactions for up to **five** years on current and savings accounts, and for the past 90 days on credit cards

Make and authorise payments, Send-iMali payments, transfers and collections

View balances and statements

Enjoy **easy** navigation

Authorise users, beneficiaries and collectees

Transact on your tablet or smartphone

Reissue, unlock or change your password, and admin can **reset passwords** for non-administrators

Enjoy the same **user rights** and segregation of duties and controls you already have

Activating NetBank Business Mobile

1a FOR ADMINISTRATORS

Please complete the MR19 form to give NetBank Business administrators access to NetBank Business Mobile.

1b FOR NON-ADMINISTRATORS

Administrators can give non-administrator users access to NetBank Business Mobile through NetBank Business Web:
• Select Admin> Users> Maintain users
• Select the user requiring mobile access
• Change the mobile flag from 'No' to 'Yes'
• Authorise the change

3 ON YOUR MOBILE DEVICE

Click on the Nedbank App Suite™ icon and follow the pre-enrolment steps. Select Activate NetBank Business and enter your NetBank Business profile number and user ID. Once you have completed all the steps, you will receive a welcome message.

2 DOWNLOAD THE APP

Download the Nedbank App Suite™ from your app store> Google Play, Apple iTunes or Blackberry World.

4 ON NetBank Business WEB

Log on to NetBank Business Web and approve your mobile device:
• Select Admin> Approve mobile devices
• Select the device and approve it
• Log off

5 IN THE NEDBANK APP SUITE™

Click on the NetBank Business widget to activate NetBank Business Mobile. Do not log on to NetBank Business Mobile while you are still logged on to NetBank Business on your computer.
